46 Wattle Lea Lane, Golden Valley. TAS. 7304.

Workshop Topics

Horse Health - *looking after horses naturally*

- ❖ How to provide the ideal living environment for your horse.
- ❖ How to feed your horse as economically as possible.
- ❖ Alternative and complimentary health treatments available such as herbal, muscle therapy, chiropractic, homeopathy, supplements etc.

Hoof Care - *barefoot trimming & conditioning.*

- ❖ Why go barefoot and the benefits of doing so.
- ❖ Where to start when learning to trim your own horse.
- ❖ The conditioning process and use of hoof boots.
- ❖ Why hoof care and feeding have a vital link.

Saddle & Tack fit - *treeless saddles/bitless bridles*

- ❖ Saddle fitting made easy to understand.
- ❖ Types of alternative saddles available now.
- ❖ How bitless bridles can solve many problems.

Horse Psychology - *how do horses think & why?*

- ❖ The differences of instinctive and learned behaviour.
- ❖ How horses communicate with each other - reading expressions.
- ❖ How horses learn best - different methods available to teach.

Education - *basic horsemanship principles.*

- ❖ Communication with your horse is easy when you know the language.
- ❖ Ground work is the key to safety and should be relevant to riding.
- ❖ Riding your horse naturally for fun and competition.

Various presenters will talk and demonstrate in their field of specialty.

It is not necessary to bring your horse to this workshop as we will be discussing topics and observing demonstrations so that you can gain a solid understanding of the principles.

By attending this Whole Horse Workshop you will know which skill specific workshops would be suitable for you and your horse to learn so much more.
